

IYCN Executive Board Meeting

Dear IYCN Members and Supporters,

"HAPPY NEW YEAR - HAPPY LUNAR NEW YEAR 2025!!!

We hope you all had a wonderful festive season and that the new year brings new opportunities and success for everyone. At the International Younger Chemists' Network (IYCN), we remain committed to supporting young chemists worldwide by fostering collaboration, networking, and professional growth.

This year, we're excited to roll out several initiatives, including but not limited to Café Science, Chem Voice, Mentoring Programme, Outreach Competition, Global Conversations on Sustainability, and IUPAC-IYCN General Assembly. We also invite new members to join us and contribute to our growing community of passionate young chemists.

As part of our ongoing efforts to improve, we've circulated a survey: <https://bit.ly/IYCNSurvey2025> to gather your valuable feedback. We appreciate your input, as it helps shape the future direction of IYCN.

Thank you for your continued support, and we look forward to an exciting year ahead.

Best regards,

Dr. Tien Thuy Quach

Chair of the International Younger Chemists' Network (IYCN)
